MEMORANDUM FOR: Assistant Director, Policy Coordination

FROM

: Deputy Director (Plans)

SUBJECT

: Psychological Warfare Counter-Measure

in the Burgess-MacLean Case

1. It seemed to be the general impression that we would hear nothing further from Housess and Maclean, and that elaborate psychological warfare plans were therefore not necessary.

2. I am inclined to agree with this view, but recognize that there is at least a possibility that they will be used by the Soviet, and agree that at least we should be prepared. I am doubtful, however, about the wisdom of giving the case advertisement

3. It seems to me that this is a type of problem which might well be turned over to the PSB since it concerns State equally with us; possibly more so if overt propaganda is involved.
